RE: AIRS Facility No. 777-00260, Peak Sand & Gravel, Inc., Portable
Permit by Rule Registration – P-030130

Dear Mr. Gillies:

On September 15, 2003, the Department of Environmental Quality (DEQ) received a Permit by Rule (PBR) registration from Peak Sand & Gravel, Inc. for a nonmetallic mineral processing plant. Peak Sand & Gravel, Inc. has registered the following information as required by IDAPA 58.01.01.797.02 *Rules for the Control of Air Pollution in Idaho*.

Finlay screen deck
Deck Size: 5' x 12'
No. of Decks: 2
Serial No.: FTP510277
Manufacture Date: 2002

Deutz diesel engine
Output (hp): 90
Fuel Type: Grade 2 fuel oil

Owners and operators of nonmetallic mineral processing plants that opt for a PBR shall comply with all of the applicable provisions of IDAPA 58.01.01.795-799. Registration for a PBR does not relieve the owner or operator of portable equipment from the registration and relocation requirements of IDAPA 58.01.01.500. The DEQ recommends that Peak Sand & Gravel, Inc. maintain this letter, the September 15, 2003 PBR registration, and all required monitoring and recordkeeping information at each site of operations.

Please be aware that Peak Sand & Gravel, Inc. is required to submit a portable equipment relocation form each time the plant, or any registered equipment, is moved to a new site of operations. This form is required to be submitted to DEQ ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience.

Peak Sand & Gravel, Inc.
Final PBR, September 30, 2003
