RE: AIRS Facility No. 777-00260, Peak Sand & Gravel, Inc., Portable
Permit by Rule Registration – P-030139

Dear Mr. Gillies:

On January 16, 2004, the Department of Environmental Quality (DEQ) received a Permit by Rule (PBR) registration from Peak Sand & Gravel, Inc. to modify PBR No. P-030129, issued September 30, 2003, for Plant No. 2. Peak Sand & Gravel, Inc. proposes to register the two generators listed below and delete the 600 kw Caterpillar generator registered under PBR No. P-030129. The information provided below is a complete and current listing of information registered by Peak Sand & Gravel, Inc. for Plant No. 2. The information registered is required by IDAPA 58.01.01.797.02 *Rules for the Control of Air Pollution in Idaho*.

Owners and operators of nonmetallic mineral processing plants that opt for a PBR shall comply with all of the applicable provisions of IDAPA 58.01.01.795-799. This PBR replaces PBR No. P-030129, issued September 30, 2003. Registration for a PBR does not relieve the owner or operator of portable equipment from the registration and relocation requirements of IDAPA 58.01.01.500. The DEQ recommends that Peak Sand & Gravel, Inc. maintain this letter, the January 16, 2004 PBR registration, and all required monitoring and recordkeeping information at each site of operations.

Please be aware that Peak Sand & Gravel, Inc. is required to submit a portable equipment relocation form each time the plant, or any registered equipment, is moved to a new site of operations. This form is required to be submitted to DEQ ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience.

If you have any questions regarding the Permit by Rule process, please contact me at (208) 373-0437 or wrogers@deq.state.id.us.

Sincerely,

Bill Rogers
