RE: Environmental Determination for the City of Post Falls Wastewater
Treatment Improvement Project

Dear Mayor Larkin:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on August 9, 2013 for the City of Post Falls wastewater treatment improvement project based on a careful review of the Environmental Information Document prepared by J-U-B Engineers, Inc.

The draft FONSI was published on Thursday, August 15, 2013 in the *Coeur d'Alene Press*, newspaper of record for the City of Post Falls. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the City of Post Falls wastewater treatment improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Katy Baker-Casile at the DEQ Coeur d'Alene Regional Office, 208-666-4640, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
