

deviation from the plans, specifications, and conditions is prohibited unless it is approved in advance by the Director. (10-1-90)

11. Cottage Site Facility Certification. A valid permit shall constitute certification and approval for the purposes of Section 39-3611, Idaho Code. (10-1-90)

12. Existing Installation Permits. Individual and subsurface sewage disposal installation permits or other lot-specific approvals for systems issued prior to February 7, 1978, pursuant to Idaho Code Title 39, Chapter 1 and Title 39, Chapter 36, will become invalid one (1) year after written notice is given by the Director notifying the owner or holder of such a permit or approval that the permit or approval will no longer be valid unless construction or installation of the system provided for in the permit or approval is commenced within one (1) year after giving of the notice. This provision does not apply to certificates filed to satisfy a sanitary restriction pursuant to Section 50-1326, Idaho Code. (10-1-90)

13. Abandonment May Be Required. The Director may require as a condition for issuing a permit that the system be abandoned by a specified date or under specific predetermined circumstances. The date or circumstances will be established before the issuance of the permit and be contained in the permit application. These conditions may relate to a specific date, dwelling density, completion of a municipal system or other circumstances relative to the availability of central sewerage system services. (10-1-90)

14. Operation, Maintenance and Monitoring. The Director may require as a condition of issuing a permit, that specific operation, maintenance, and monitoring procedures be observed. Those procedures will be contained in the permit application. (10-1-90)

15. As-Built Plans and Specifications. The Director may require as a condition of issuing a permit, that complete and accurate record drawings and specifications depicting the actual construction be submitted to the Director within thirty (30) days after the completion of the construction. Alternately, if the construction proceeded in compliance with the approved plans and specifications, a statement to that effect may be submitted. (10-1-90)

16. Permit Fee. All applications shall be accompanied by payment of the fee specified in IDAPA 58.01.14, Section 110, “Rules Governing Fees for Environmental Operating Permits, Licenses, and Inspection Services”. (5-7-93)

006. INSTALLER'S REGISTRATION PERMIT.

01. Permit Required. Every installer shall secure from the Director, an installer’s registration permit. Two (2) types of installer permits are available: (5-7-93)

a. A standard and basic alternative system installer’s registration permit is required to install all individual systems not listed under Subsection 006.01.b. (5-7-93)

b. A complex alternative system installer’s registration permit is required to install evapotranspiration systems, extended treatment systems, lagoon systems, large soil absorption systems, pressure distribution systems, intermittent sand filter, in-trench sand filter, sand mound or other systems as may be specified by the Director. (5-7-93)

02. Examination. The initial issuance of the installer’s permit shall be based on the completion of an examination, with a passing score of seventy (70) or more, of the applicant’s knowledge of the principles set forth in this chapter and the applicable sections of the Technical Guidance Manual. The examination will be prepared, administered and graded by the Director. (5-7-93)

03. Permits Required Annually. Registration permits expire annually on the first (1st) day of January and all permits issued thereafter will be issued for the balance of the calendar year. Additionally, at least one (1) refresher course approved by the state of Idaho, Department of Environmental Quality, be attended every three (3) years. (5-7-93)

04. Contents of Application. Applications for permits shall be in writing, shall be signed by the applicant or by an officer or authorized agent of a corporation, shall contain the name and address of the applicant, shall indicate whether the permit is to be for installation of standard and basic alternative systems or for installation of standard, basic and complex alternative systems, and shall contain the expiration date of the bond required by Subsection 006.05. (5-7-93)

05. Bond Required. At the time of application, all applicants shall deliver to the Director a bond in a form approved by the Director in sum of five thousand dollars (\$5,000) for a standard and basic alternative system installer’s registration permit, or in the sum of fifteen thousand dollars (\$15,000) for standard, basic and complex alternative system installer’s registration permit. The bond will be executed by a surety company duly authorized to do business in the state of Idaho and must run concurrent with the installer’s registration permit to be approved by the Director guaranteeing the faithful performance of all work undertaken under the provisions of the installer’s registration permit. Any person who suffers damage as the result of the negligent or wrongful acts of the registrant or by his failure to competently perform any of the work agreed to be done under the terms of the registration permit shall, in addition to other legal remedies, have a right of action in his own name on the bond for all damages not exceeding five thousand dollars (\$5,000) for standard and basic alternative systems or fifteen thousand dollars (\$15,000) for complex alternative systems. The maximum liability of the surety and/or sureties on the bond, regardless of the number of claims filed against the bond, shall not exceed the sum of five thousand dollars (\$5,000) for standard and basic alternative systems or fifteen thousand dollars (\$15,000) for complex alternative systems. (5-7-93)

06. Exemption. An installer’s permit shall not be required for: (10-1-90)

a. Any person, corporation, or firm constructing a central or municipal subsurface sewage disposal system if that person, corporation, or firm is a licensed public works contractor as provided in Title 54, Chapter 19, Idaho Code, is experienced in the type of system to be installed and is under the direction of a professional engineer licensed in the state of Idaho; or (5-7-93)

b. An owner installing his own standard or basic alternative system. (5-7-93)

07. Application Fee. All applications shall be accompanied by payment of the fee specified in IDAPA 58.01.14, Section 120, “Rules Governing Fees for Environmental Operating Permits, Licenses, and Inspection Services”. (5-7-93)

08. Grounds for Revocation. Failure to comply with these rules shall be grounds for revocation of the permit. (5-7-93)
