RE: AIRS Facility No. 777-00326, Concrete Crusher, LLC, Portable  
Permit by Rule Registration

Dear Mr. Bowen:

On June 17, 2003, the Department of Environmental Quality (Department) received a Permit by Rule (PBR) registration from Concrete Crusher, LLC for a nonmetallic mineral processing plant. Concrete Crusher, LLC has registered the following information as required by IDAPA 58.01.01.797.02 *Rules for the Control of Air Pollution in Idaho*.

Norberg portable crushing plant	Screen deck
Model No.: NW1213CC	Deck Size: 5' x 16'
Serial No.: 20640047	No. of Decks: 2
Manufacture Date: 1999	Serial No.: N2516-M110B-4958
Capacity (T/hr): 100	Manufacture Date: 1999
Norberg grizzly feeder	Caterpillar generator
Feeder Size: 45" X 16'	Output (kW): 125
Serial No.: N45160F95F-5365	Fuel Type: Grade 2 fuel oil
Manufacture Date: 1999	

Owners and operators of nonmetallic mineral processing plants that opt for a PBR shall comply with all of the applicable provisions of IDAPA 58.01.01.795-799. Registration for a PBR does not relieve the owner or operator of portable equipment from the registration and relocation requirements of IDAPA 58.01.01.500. The Department recommends that Concrete Crusher, LLC maintain this letter, their June 17, 2003 PBR registration, and all required monitoring and recordkeeping information at each site of operations.

Concrete Crusher, LLC has paid the registration fee for the PBR as required by IDAPA 58.01.01.800.

**Other Air Quality Requirements**

If your crushing plant is portable, you will be required to submit a portable equipment relocation form each time the plant is moved to a new site of operations. This form is required to be submitted to DEQ ten days prior to relocating the equipment.
