Lewisville, Idaho 83431

**Subject: Minor Modification Request, Change of Ownership, Idaho Fresh Pak Plant
No. 1 (Lewisville), Wastewater Land Application Permit LA-000011-04.**

Dear Mr. Scott:

The Department is in receipt of your July 2, 2007 letter indicating that on or about July 12, 2007, Idaho Fresh Pak, Inc. (IFP) will be transferring ownership of the Lewisville plant to North American Foods, LLC (NAF), and IFP is requesting that the above referenced permit be transferred to the new company.

Your letter also indicates that contact people in the current permit will remain the same.

The letter serves as notice to you that the Department of Environmental Quality concurs with your request, and the Department will issue a formal Minor Modification to the above permit upon completion of the following items:

1. IFP shall provide written notice to DEQ that the transaction has closed and North American Foods, LLC has become the responsible party.
2. North American Foods shall enter into a Consent Order with the Department obligating NAF to fulfill the terms and conditions of the May 10, 2007 Consent Order entered into between IFP and DEQ. A new Consent Order is being drafted by the Department, and will be mailed to North American Foods, LLC for review and signature when completed.

If you have any questions, please contact Greg Eager or me at 528-2650.

Sincerely,

James Johnston, P.E.
Regional Administrator
Idaho Falls Regional Office

c: Richard Huddleston, Wastewater Program Manager, DEQ State Office
Stephanie Ebright, Deputy Attorney General, DEQ State Office
Greg Eager, Engineering Manager, DEQ Idaho
Tom Rackow., Staff Engineer, DEQ Idaho Falls
