## Welcome

Idaho Bureau of Homeland Security is a Division of the Idaho Military Division. The services we provide are to facilitate emergency management in Idaho, and to assist neighboring states. The men and women of this Division are dedicated to their mission of protecting the lives and property of the people of Idaho, as well as preserving the environmental and the economic health of Idaho.

## Current National Security Level

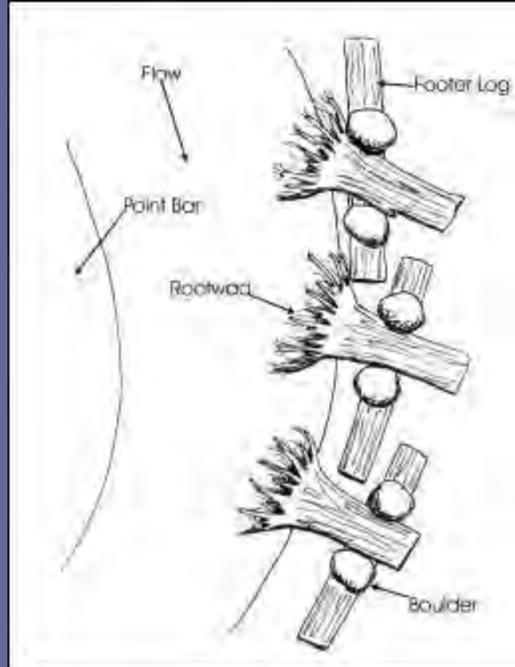

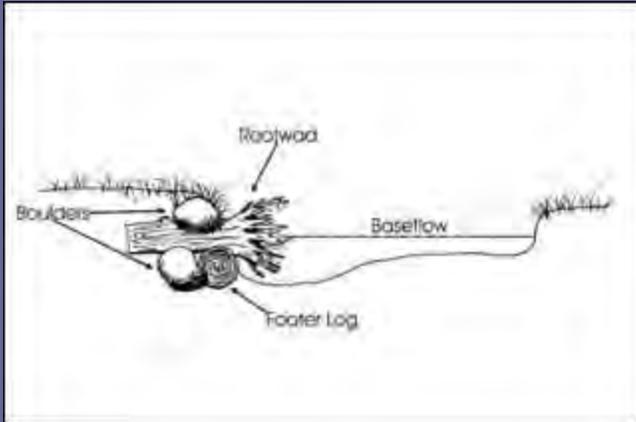

# Root Wad Retrieval

# Root Wads

# Large Woody Debris (LWD)

Yellowdog Creek  
Restoration Project  
(USFS)

# Large Woody Debris (LWD)

Trestle Creek, tributary to  
Lake Pend Oreille where  
bull trout spawn.

# Wood can be Good

Large woody debris provides many benefits, including improvements to:

- Water quality
- Fish and wildlife habitat
- Flood mitigation
- Erosion control
- Stream function

Many projects now focus on adding LWD, whenever possible, while protecting vital infrastructure.
