

Idaho Department of Environmental Quality
Crop Residue Burning
Permit-by-Rule
Notification of FINAL BURN APPROVAL

The Idaho Department of Environmental Quality (DEQ) is issuing this notification of final burn approval for the field listed below. Only the field specified in this notification is approved to burn. This final approval allows the permittee to burn crop residue under the requirements and conditions stated in this permit. NOTE: The permittee may be required to immediately extinguish the fire or withhold additional material such that the fire burns down if DEQ determines that the burn is having, or will have, an adverse impact on an institution with a sensitive population.

The permit requirements and general terms and conditions below apply to all open burning of crop residue and must be complied with.

PERMITTEE INFORMATION

Name:	Kevin Hasenoehrl
Mailing Address:	407 1 st Ave.
City, State	Kendrick, ID
Permit Number:	CRB2015-121
Field Name:	Vannoy Bluegrass
Crop Type:	grass
Latitude:	46.5593914621262
Longitude:	-116.412763595581
County:	Clearwater
SMA:	Central

General Permit Conditions—Apply to All Burning of Crop Residue

1. Public Roadway Safety – The permittee is responsible to ensure that adequate measures are taken such that the burn does not create a hazard for travel on a public roadway (IDAPA 58.01.01.621.02.c).
2. Fire Safety Measures – The permittee shall prevent their burn from escaping their control (IDAPA 58.01.01.619.05).
3. Protection of Institutions with Sensitive Populations – Burning is not allowed if smoke is expected to adversely impact an institution with sensitive population (IDAPA 58.01.01.621.01.f).

APPROVAL INFORMATION

Acres Approved:	85
Person Conducting the Burn:	Kevin Hasenoehrl
Date of Burn:	09/14/2015
Start Time:	12:30 pm
End Time:	4:00 pm

REQUIREMENTS

(Review your permit requirements carefully)

Cannot burn if the sustained surface wind speed exceeds 12mph at any time during the burn, while school is in session.

Cannot burn if sustained surface winds are from the Northeast, while school is in session.
Cannot burn if sustained surface winds are from the east-northeast, while school is in session.

Cannot burn if sustained surface winds are from the East, while school is in session.

GENERAL TERMS AND CONDITIONS

1. Burning of crop residue shall not be conducted on weekends, federal or state holidays, or after sunset or before sunrise (IDAPA 58.01.01.622.01.a).
2. Burning of crop residue shall not be conducted unless DEQ has designated that day a burn day and the permittee has received individual approval specifying the conditions under which a burn may be conducted (IDAPA 58.01.01.622.01.b)
3. The burning of crop residue shall be conducted in the field in which it was generated (IDAPA 58.01.01.622.01.d) Note: The open burning of crop residue, defined as vegetative material remaining in the field after harvest or vegetative material produced on designated conservation reserve program (CRP) lands, to develop physiological conditions conducive to increase crop yields, control diseases, insects, pests or weed infestations is an allowable form of open burning in accordance with Idaho Code §39-114.
4. The person conducting the burn must have in their possession a portable form of communication such as a cellular phone in order to receive burn approval information of information that might require measures to withhold additional material such that the fire burns down (IDAPA 58.01.01.622.01.c).
5. When required by the conditions of the notice of approval to burn, the permittee burning in proximity to an institution with a sensitive population shall immediately extinguish the fire or withhold additional material such that the fire burns down, unless DEQ determines that the burn will not have an adverse impact on such institutions (IDAPA 58.01.01.622.01.e).
6. All crop residue burning shall be prohibited when DEQ issues an air quality forecast and caution, alert, warning, or emergency as identified in Section 552 of the Rules for Control of Air Pollution in Idaho (IDAPA 58.01.01.622.01.g).
7. All persons intending to burn crop residue shall obtain any additional applicable permits from federal, state, or local fire control authorities prior to receiving approval from DEQ to burn crop residue. It shall be the responsibility of the applicant to obtain all applicable permits. Failure to obtain all applicable permits will be considered a violation of this condition (IDAPA 58.01.01.622.01.i).
8. The use of reburn machines, propane flamers, or other portable devices to ignite a field for the purposes of crop residue burning shall be considered an allowable form of open burning. Tires and other restricted material described in Subsection 603.01 of the Rules for the Control of Air Pollution in Idaho are not allowed for ignition of fields (IDAPA 58.01.01.622.01.h).
9. All persons burning crop residue shall report to DEQ the information required in the post burn report included in this registration within 24 hours of completing the burn. DEQ may restrict further burning by the permittee until such reports are received (IDAPA 58.01.01.622.01.j).
10. A reburn conducted to complete crop residue burning shall be considered a new burn and will need approval from DEQ prior to burning (IDAPA 58.01.01.618.01).
