

Air Pollution Forecast and Caution - Lifted

Date/Time Issued: **Monday, August 27, 2018/10:00 a.m.**

Next Update: **As Needed**

The Idaho Department of Environmental Quality (DEQ) has extended an **Air Quality Advisory and Stage 1 Air Pollution Forecast and Caution** to notify residents of **Benewah, Bonner, Boundary, Kootenai and Shoshone Counties** of improved air quality. Due to improved air quality the Air Pollution Forecast and Caution has been lifted. **FIRE SAFETY RESTRICTIONS ARE STILL IN EFFECT.** Please contact your local Fire Protection District for further information.

Health Impacts and Recommended Actions

When air quality is good, air quality is considered satisfactory and air pollution poses little or no risk.

Woodstove Burning Restrictions

No Restrictions

Outdoor Burning Restrictions

FIRE SAFETY RESTRICTIONS ARE STILL IN EFFECT. Contac your local Fire Protection District for further information

Contact

For more information, contact DEQ's Regional Office in Coeur d'Alene at (208) 769-1422.

For real-time air monitoring information, visit DEQ's website at airquality.deq.idaho.gov.

For more information concerning local ordinances contact your local city or county.

Air Quality Index (AQI):

Range	Category	Meaning
	Good	Air quality is considered satisfactory, and air pollution poses little or no risk
51 to 100	Moderate	Air quality is acceptable; however, for some pollutants there may be a moderate health concern for a very small number of people who are unusually sensitive to air pollution.
101 to 150	Unhealthy for Sensitive Groups*	Members of sensitive groups may experience health effects. The general public is not likely to be affected.
151 to 200	Unhealthy	Everyone may begin to experience health effects; members of sensitive groups may experience more serious health effects.
201 to 300	Very Unhealthy	Health warnings of emergency conditions. The entire population is more likely to be affected.
301 to 500	Hazardous	Health alert: everyone may experience more serious health effects.

For more information on the AQI, visit http://www.epa.gov/airnow/aqi_brochure_02_14.pdf.
