

Statewide FY2020 Drinking Water Planning Grant Priority List						
Rank	Water System Name	Rating Points	Region	Total Project Cost	DEQ Amount Funded	Project Description
1*	City of Dayton	113	Pocatello	\$50,000	\$25,000	Address distribution system deficiencies.
2*	Panhandle Village Water System	102	Coeur d'Alene	\$25,000	\$12,500	Address source, pumping, storage and distribution deficiencies. Possibly develop a new well.
3*	Carlin Bay POA	95	Coeur d'Alene	\$77,500	\$38,750	Evaluate current system, condition, and equipment. Address future needs of the system.
4*	Laclede Water District	89	Coeur d'Alene	\$50,000	\$25,000	Address deficiencies in the source, storage and the distribution system.
5*	City of Peck	85	Lewiston	\$30,000	\$15,000	Update existing facility plan. Address deficient infrastructure and create a capital improvement plan.
6*	City of Challis	85	Idaho Falls	\$45,000	\$22,500	Update existing facility plan. Address current storage shortages, and address future needs of the system.
7*#	North Kootenai Water District	84	Coeur d'Alene	\$104,500	\$45,000	Address distribution system deficiencies. Possibly add a new storage tank, and upgrade booster station.
8*	Atomic City	82	Pocatello	\$20,000	\$10,000	Evaluate current wells and storage compliance with DEQ. Possibly connect a third well, and address distribution system deficiencies.
9*	Remington Water District	78	Coeur d'Alene	\$30,000	\$15,000	Evaluate adding standby power and a backup well.
10*	City of Genesee	77	Lewiston	\$75,000	\$37,500	Address aging system. Evaluate adding meters, backup generator, and correcting distribution system deficiencies.
11*#	City of Hagerman	74	Twin Falls	\$100,000	\$45,000	Update existing facility plan. Address storage, treatment and distribution needs.
12*#	City of Twin Falls	68	Twin Falls	\$150,000	\$45,000	Address storage issues, supply deficiencies, and distribution deficiencies.
13	Blackhawk Estates	67	Idaho Falls	\$45,000	\$22,500	Evaluate upgrading current pumps and motors along with adding a new well.
14	Calder Water & Sewer District	66	Coeur d'Alene	\$50,000	\$25,000	Evaluate a leaking distribution and development of an additional source.
15	City of Carey	63	Twin Falls	\$50,000	\$25,000	Address undersized distribution system and possibly add a new storage tank.
16	City of Wendell	63	Twin Falls	\$70,000	\$35,000	Address distribution, storage and standby power deficiencies.
17	City of St. Anthony	57	Idaho Falls	\$70,000	\$35,000	Evaluate the current system based on updated code requirements.
18	City of Kimberly	56	Twin Falls	\$60,000	\$30,000	Evaluate current undersized water lines, and address future growth.

Total \$1,102,000 \$508,750

Maximum grant amount is \$45,000.

*Denotes systems that will receive grant funding (total of \$350,000 available)

\$336,250
