DEPARTMENT OF
ENVIRONMENTAL QUALITY

1410 North Hilton, Boise, ID 83706-1255, (208) 373-0502

Brad Little, Governor
John Tippetts, Director

RFQ# 20200484
Hydrolab HL4 Sonde

- 1. Issue Date:** Wednesday, April 29, 2020

- 2. Quote Deadline:** Tuesday, May 12 at 5:00 p.m. MST
State of Idaho Department of Environmental Quality
Purchasing Section
1410 N. Hilton
Boise, ID 83706

- 3. Purchasing Contact:** Tessa Stevens, Buyer
Phone: (208) 373-0473
Fax: (208) 373-0315
Email: tessa.stevens@deq.idaho.gov

- 4. Description:** The State of Idaho Department of Environmental Quality (DEQ) is requesting quotes for the purpose of providing the Department of Environmental Quality, Twin Falls Regional Office located at 650 Addison Ave. W, Twin Falls, ID 83301 with the Hydrolab HL4 Sonde sensor equipment and accessories, described in section 9.

- 5. Purpose:** The intent of this Request for Quote and resulting contract is to obtain firm fixed prices from a qualified vendor to provide all of the equipment and options listed for Hydrolab HL4 Sonde sensor equipment and accessories. The Department will not consider any quote requesting any additional surcharges or fees other than those allowed in this RFQ. The Department intends to award a purchase order to the successful lowest responsible vendor.

- 6. Brand Name or Equal:** Brand names are for the purpose of describing the standard of quality, performance, and characteristics desired, and are not intended to limit competition. Vendors offering brands other than the brands listed in this RFQ will need to submit product specifications with their quote to determine if offered product is “equal” to the brands listed. Vendors whom do not submit equivalent product specifications will be tallied as “non-responsive.” DEQ staff will evaluate and make the determination if products offered are equal to the level of performance that is being solicited in this request for quote. For this solicitation and due to an existing network of brand equipment, DEQ is requesting Hydrolab brand products.
This Hydrolab HL4 Sonde is approved for purchase by the Idaho State Legislature, from funds specifically earmarked for water quality sampling equipment. Any deviation from the Legislature’s list of approved equipment would require further approval. The functions offered with this Hydrolab HL4 Sonde suit the project-specific data requirements necessary for DEQ to complete important water quality monitoring projects. The Hydrolab HL4 Sonde

is known by experienced DEQ staff in the Twin Falls region to provide accurate and reliable water quality parameter measurements in the field.

7. Delivery:

The State of Idaho Department of Environmental Quality is requesting delivery by **May 29, 2020** If your organization is not able to meet this timeline please indicate on the Quote Sheet when the soonest delivery can be completed. 9. Requirements/Specifications:

9.1

**ee TOP ASSEMBLY, WITH BATTERY, HL4
Hydrolab HL4 sonde**

9.1.1 Internal battery power, temperature and other integrated sensors

9.2

SENSOR, CONDUCTIVITY OPTION

9.2.1 Conductivity sensor integrated to Hydrolab HL Series sonde

9.3

aa SENSOR, LDO OPTION

9.3.1 Luminescent Dissolved Oxygen (LDO) sensor integrated to Hydrolab HL Series sonde

9.4

SENSOR, INTEGRATED REF OPTION, HL

9.4.1 pH sensor integrated to Hydrolab HL Series sonde with integrated reference

9.5

SENSOR, TURBIDITY OPTION

9.5.1 Turbidity sensor integrated to Hydrolab HL4 sonde

9.6

ee SURVEYOR HL, Hydrolab Surveyor HL

9.7

aa mc CABLE, MARINE, OVERMOLDED, 25M, HL25 meter deployment cable

9.7.1 For Hydrolab HL Series sonde

10. Pricing and Quote Submission

Enter your Total Cost on the **Quote Price Sheet**, and e-mail, mail, hand-deliver/courier or submit your quote via IPRO (<https://solutions.scquest.com/apps/Router/SupplierLogin?CustOrg=StateofIdaho>) so that it is received at the Department of Environmental Quality prior to the deadline for closing. If submitting via IPRO enter your "TOTAL COST" in IPRO and UPLOAD the **Quote Sheet**, along with any other required documents.

If submitting your quote manually (any method *other than* via IPRO), you must also submit a completed State of Idaho Signature Page in order for your quote to be considered.

Include descriptive literature, drawings or other materials which demonstrate that your offer meets the specifications detailed in this RFQ.

11. Award

Award will be made to the responsive responsible vendor with the lowest Total Cost.
