May 6, 2010 -- Idaho DEQ
Greenhouse Gas Emissions Workshop

What Additional Tools and Resources Are You Seeking?

PPRC is hosting focus groups around the NW

- Spring and summer 2010
- Large & small companies
- Variety of business and public sectors
- Large & small changes made or contemplated

Main question:

- “ What tools, resources, services, or other info do you need to implement carbon emission reduction strategies? “

What Additional Tools and Resources Are You Seeking?

To take action and reduce carbon emissions....

- ❖ What more do you need to know or do?
- ❖ Focus on practical tools, practical level.
- ❖ What will bring you cost savings, risk reduction, business efficiencies and advantages?
- ❖ What next steps are “appropriate yet significant” for YOUR organization’s size, structure, and market?

What Additional Tools and Resources Are You Seeking?

What will help you take action, at any level:

- Knowledge? How-to tools?
- Coaching, technical assistance, peer mentors?
- Financial assistance? Links to partners?
- Web pages, webinars? Social media updates?
- In-person meetings, event, work groups?

Remember to:

- Take small beneficial steps as you work toward bigger changes
- Recognize what you already do that counts as progress!
- Share news with those within & outside your workplace

What Additional Tools and Resources Are You Seeking?

Results planned for PPRC's focus group efforts:

- ✓ Identify needs for practical tools and resources.
- ✓ Late 2011: PPRC webinar on NW focus group results
- ✓ 2011-2012 & beyond: develop & share new tools & resources

Meanwhile.....

... remember tips & info on what's available to you TODAY!
