NOTICE OF PUBLIC INFORMATIONAL MEETING, EXTENSION OF PUBLIC COMMENT PERIOD FOR PERMIT TO CONSTRUCT MODIFICATION AND TIER 1 RENEWAL, AND A PUBLIC HEARING REGARDING A TIER 1 RENEWAL APPLICATION TO OPERATE AN AIR POLLUTION-EMITTING SOURCE

PROPOSED ACTION: The Ada County Landfill has applied to the Department of Environmental Quality (DEQ) for a Tier I operating permit and a permit to construct to operate an air pollution-emitting source located in Boise. DEQ has reviewed the applications and completed an analysis of the information submitted by the applicant for the renewal of a Tier I operating permit and a permit to construct. Based on this analysis, DEQ has determined that requested modifications at the facility will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human or animal life or vegetation. Therefore, DEQ proposes to issue the permit to construct and Tier I operating permit to Ada County Landfill, Boise.

EXTENSION OF PUBLIC COMMENT PERIOD: Notice is further given that DEQ has extended the deadline through April 9, 2012, by which the public may submit written comments under Docket No. 1204 and 1205, Project Numbers 60939 and 60972, concerning the air quality aspects of the project application and the proposed permit in accordance with IDAPA 58.01.01.209. The application materials, the proposed permit, and Statement of Basis are available for public review on DEQ's website at <http://www.deq.idaho.gov>.

Comments, requests, and questions regarding the public comment process should be directed to Tessa Stevens, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706; tessa.stevens@deq.idaho.gov; or on DEQ's website. Please reference the company name and docket number when sending comments or questions. All information regarding this matter, current and future, including the issuance of the final permit and Statement of Basis will be available on DEQ's website.
