

Department of Environmental Quality

**Rules for the Control of Air Pollution in Idaho, 58.01.01
Docket No. 58-0101-1201**

Negotiated Rulemaking Summary

No unresolved issues were raised during the negotiated rulemaking process.

Key information considered by DEQ is contained in applicable federal regulations. DEQ also considered information provided by the public during the negotiated rulemaking process. Members of the public participated in the negotiated rulemaking process by attending the meeting and by submitting written comments. The negotiated rulemaking record, which includes the negotiated rule drafts, written public comments received, and documents distributed during the negotiated rulemaking process, is available at www.deq.idaho.gov/58-0101-1201.

The negotiated rule drafts contain revisions made based on oral comments received during the meeting and written comments submitted after the meeting. At the conclusion of the negotiated rulemaking process, DEQ formatted the final rule draft for publication as a proposed rule in the Idaho Administrative Bulletin.
