

Addendum A

**MODIFICATION TO MUNICIPAL  
WASTEWATER REUSE PERMIT  
LA-000015-04**

**Permittee Name: Bottle Bay Recreational Water and Sewer District**

**Effective Date of Permit: January 31, 2010**

**Effective Date of the Modification: June ??, 2012**

The modification described herein and referred to as Addendum "A" is hereby approved. This addendum to the permit is incorporated into and constitutes a part of Permit LA-000015-04. This addendum must be attached to the permit. The permit is incomplete and unlawful under IDAPA 58.01.17 Recycled Water Rules without this addendum attached.

**Daniel Redline, Regional Administrator  
Coeur d'Alene Regional Office  
Idaho Department of Environmental Quality**

**Addendum A**  
**F. Permit Limits and Conditions**

**Section F. Permit Limits and Conditions.** The table below shows the modified acreage and buffer zone distances. The acreage allowed for irrigation is increased from 9.4 acres to 11.4 acres and the buffer distance to the private well PW3 (owned by Bottle Bay Recreational Water and Sewer District) is reduced from 500 feet to 300 feet.

Category	2010 Permit Limits and Conditions	2012 Permit Modification Addendum A Limits and Conditions
Application Site Area	9.4 acres	11.4 acres
Buffer Zones From Reuse Site	<p>All buffer zones must comply with, at a minimum, local zoning ordinances. Other minimum buffer zones are as follows:</p> <ul style="list-style-type: none"> <li>• 300 feet to inhabited dwellings</li> <li>• 50 feet to areas accessible by the public</li> <li>• 100 feet to permanent and intermittent surface water</li> <li>• 50 feet to irrigation ditches and canals</li> <li>• 300 feet to private water supply wells PW1 and PW2*</li> <li>• 500 feet to other private water supply wells</li> <li>• 1000 feet to public water supply wells</li> </ul> <p>*see attached map for location of private water supply wells</p>	<p>All buffer zones must comply with, at a minimum, local zoning ordinances.
