C.L. "Butch" Otter, Governor
Curt Fransen, Director

**NOTICE OF OPPORTUNITY TO REQUEST A PUBLIC COMMENT PERIOD ON
A PERMIT APPLICATION AND PROPOSED PERMIT TO CONSTRUCT**

In compliance with Section 58.01.01.209, Rules for the Control of Air Pollution in Idaho, notice is hereby given that Idaho Forest Group, Chilco, has applied to the Department of Environmental Quality (DEQ) for a permit to construct, P-2013.0005 Project 61153, to lower the carbon monoxide emission limit for the facility's hog fuel-fired boiler, limit the hog fuel-fired boilers maximum steam production rate to a 12-month rolling total instead of a daily average value, and to vent planer mill particulate matter emissions to the atmosphere as an option instead of a mandatory permit condition. The facility, a sawmill which produces dry, planed finished lumber, is located at 4447 E. Chilco Rd., Athol. A public comment period on the proposed permit will be provided if a written request is submitted on or before February 19, 2013, and directed to Tessa Stevens, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255, or tessa.stevens@deq.idaho.gov, or to the DEQ website at <http://www.deq.idaho.gov>. Please reference the company name and permit number when sending the request.

The permit application materials submitted by the facility are available for public review on the DEQ website. All information regarding this project will be available at <http://www.deq.idaho.gov>.

DATED this 4th day of February, 2013.

Tessa Stevens
Air Quality Division
