

## ***Nonpoint Source Management §319 Grant Application Period for 2014 Funding Cycle***

*The Idaho Department of Environmental Quality announces the start of the 2014 nonpoint source management §319 grants funding cycle.*

**Applications accepted from April 8 through August 1, 2013.**

For more information, visit our website at [www.deq.idaho.gov/nps-319-subgrants](http://www.deq.idaho.gov/nps-319-subgrants).

In the 2014 grant funding cycle DEQ will award grants for water pollution cleanup and protection projects with strong consideration given to those projects that:

- Involve multiple partners and leveraged funding
- Include detailed work plans and budgets and short project schedules
- Are located on water bodies with established total maximum daily loads and implementation plans
- Improve irrigation practices on farmlands

The grant guidance document can be found at  
[www.deq.idaho.gov/nps-319-subgrants](http://www.deq.idaho.gov/nps-319-subgrants).
