

## REVISIONS TO PROPOSED RULE, DOCKET NO. 58-0112-0801

The revisions made to the proposed rule are highlighted. Only those portions of the proposed rule containing revisions are included.

### **004. INCORPORATION BY REFERENCE AND AVAILABILITY OF REFERENCED MATERIAL.**

**01. Incorporation by Reference.** These rules do not contain documents incorporated by reference.

~~(3-30-01)( )~~

**02. Availability of Referenced Material.** The “Wastewater Facilities Loan Handbook of Procedures” (Handbook) is available at the Idaho Department of Environmental Quality, Water Quality Division Loan Program, 1410 N. Hilton, Boise, ID 83706-1255, (208)373-0502, [www.deq.idaho.gov](http://www.deq.idaho.gov).

### (BREAK IN CONTINUITY OF SECTIONS)

### **005007.DEFINITIONS.**

For the purpose of the rules contained in this chapter, the following definitions apply: (12-31-91)

~~**01. Applicant.** Any qualifying entity/individual making application for water pollution control loan funds. See definition of qualifying entity/individual. ( )~~

~~**091. Eligible Applicant.** A municipality or nonpoint source project sponsor which has the ability to establish and maintain a loan repayment source. Individuals and for-profit corporations are not eligible. (3-30-01)( )~~

~~**134. Facility Plan.** *Systematic evaluation by a professional engineer of feasible treatment alternatives considering demographic, topographic, hydrologic and institutional characteristics of a project area to demonstrate that the scheduled alternative is cost effective. A plan that describes the overall system, including collection, treatment processes and facilities, and waste disposal. It is a comprehensive planning document for the existing infrastructure and includes the plan for the future of the system/facility, including upgrades and additions. The plan also includes a systematic evaluation of feasible alternatives considering demographic, topographic, hydrographic, and institutional characteristics of a project area to demonstrate that the selected alternative is cost effective and environmentally sound. A facility plan is sometimes referred to as a master plan or facilities planning study and is an overall system-wide plan as opposed to a project specific plan. A facility plan should shall be prepared by or under the supervision of an Idaho licensed professional engineer and shall bear the imprint of the engineer’s seal. Guidance on how to prepare a facility plan may be found in the Handbook.* (5-3-03)( )~~

~~**24. Nonpoint Source Project Sponsor.** Any *county, city, special service district, nonprofit corporation, or other governmental entity, or a combination thereof* qualifying entity/individual applying applicant for water pollution control loan funds for a nonpoint source pollution project. (3-30-01)( )~~

~~**30. Qualifying Entity/Individual.** Any individual, city, county, special service district, nonprofit corporation, or other governmental entity, or a combination thereof, which owns and operates a wastewater treatment facility or applies for loan funds for a water pollution control project. For profit corporations are not qualifying entities. A qualifying entity/individual must have the ability to establish and maintain a loan repayment source. ( )~~
