RE: Environmental Determination for the Hayden Area Regional Sewer Board (HARSB) Wastewater Treatment Improvements (WWG 353-2012-9)

Dear Mr. McIntire:

A draft Finding of No Significant Impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on June 6, 2013 for the Hayden Area Regional Sewer Board (HARSB) wastewater treatment improvements based on a careful review of the Environmental Information Document prepared by Welch, Comer & Associates, Inc.

The draft FONSI was published in the *Coeur d'Alene Press*, newspaper of greatest distribution for HARSB. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the Hayden Area Regional Sewer Board wastewater treatment improvements, a FONSI, is final.

This completes the environmental review of this project. Please contact Katy Baker-Casile at the DEQ Coeur d'Alene Regional Office, (208) 666-4640, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
