RE: Environmental Determination for the Alpine Meadows Drinking Water Improvements
(DWG 121-2012-2)

Dear Ms Erk:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on June 18, 2013 for the Alpine Meadows Drinking Water Improvements based on a careful review of the Environmental Information Document prepared by Welch-Comer Engineers.

The draft FONSI was published on June 27, 2013 in the *Coeur d'Alene Press*, newspaper of general circulation for the Alpine Meadows Water & Sewer District. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the Alpine Meadows Drinking Water Improvements, a FONSI, is final.

This completes the environmental review of this project. Please contact Katy Baker-Casile at the DEQ Coeur d'Alene Regional Office), (208) 666-4640, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
