RE: Final Finding of No Significant Impact Determination for the Blackhawk Estates Drinking Water Improvements (DWG 130-2012-11)

Dear Mr. Jergens:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on July 16, 2013 for the Blackhawk Estates Drinking Water Improvements based on a careful review of the Environmental Information Document prepared by North Wind Consulting, LLC.

The draft FONSI was published on July 19, 2013 in *The Post Register*, newspaper of general circulation for the Blackhawk Estates Homeowners Association. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the Blackhawk Estates Drinking Water Improvements, a FONSI, is final.

This completes the environmental review of this project. Please contact William Teuscher at the DEQ Idaho Falls Regional Office, (208) 528-2666, if you have questions regarding the project. For questions regarding the environmental determination, please contact Mike May at (208) 373-0406 or via email at [Michael.May@deq.idaho.gov](mailto:Michael.May@deq.idaho.gov).

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
