# STRATEGIES TO REDUCE RESIDENTIAL WOOD SMOKE

AUGUST 7-8, 2014

MISSOULA, MT

## Technical Program Finalized Visit Website for Details

The technical program for this conference has now been finalized. There are still opportunities to have a table or display a poster; contact the organizers for more information.

Highlights include:

- Keynote address by Larry Brockman, EPA's Burn Wise program
- Seven technical sections with topics ranging from health effects to education and policy
- Speakers representing organizations and universities in California, Colorado, Minnesota, Montana, Oregon, and Washington

To view the program and other conference details, register, or contact the organizers, visit the event website at [woodsmoke.eventbrite.com](http://woodsmoke.eventbrite.com).

## Hotel Rooms Going Fast

Missoula will be hosting a number of large-scale events during the week of this conference, including the Western Montana Fair and concerts by Paul McCartney, ZZ Top, and Nickel Creek. Tickets have gone on sale for these events, and hotel rooms will fill up quickly. Please reserve your conference lodgings—and concert seats—before they are gone!

Hosted by the University of Montana Student Chapter of A&WMA. Sponsored by the Pacific Northwest International Section of A&WMA, Montana Chapter of A&WMA, American Lung Association of the Mountain Pacific, Montana Department of Environmental Quality, and Missoula City-County Health Department.
