 - Bob provided the summary of the 319 TAC to the LBWC regular meeting last night (May 8). On the topic of the TMDL implementation plan status presentation, the board decided that they would be very interested in hearing a more detailed presentation on agricultural activities, say 30 minutes or so, at the July 10th meeting. We can discuss further as needed at the June 12th 319 TAC. Thanks for your input yesterday morning on that topic
