RE: Final finding of no significant impact determination for the City of Blackfoot Wastewater Treatment Plant Improvements (WWG 363-2013-5)

Dear Mayor Loomis:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on July 18, 2014 for the City of Blackfoot Wastewater Treatment Plant Improvements based on a careful review of the environmental information document prepared by J-U-B Engineers, Inc.

The draft FONSI was published on July 24, 2014 in the *Morning News*, newspaper of general circulation for the City of Blackfoot and its surrounding wastewater service area. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the City of Blackfoot Wastewater Treatment Plant Improvements, a FONSI, is final.

This completes the environmental review of this project. Contact Craig M. Bohrenpohl, P.E., at the DEQ Pocatello Regional Office, (208) 236-6160, if you have questions regarding the project. For questions regarding the environmental review contact Mike May at Michael.May@deq.idaho.gov or (208) 373-0406.

Sincerely,

Barry N. Burnell
Water Quality Division Administrator
