Newdale, Idaho 83436

RE: Final finding of no significant impact determination for the City of Newdale Wastewater System Improvement Project (WWG 292-6-000-1)

Dear Mayor Martineau:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on August 20, 2014 for the City of Newdale wastewater system improvement project based on a careful review of the environmental information document prepared by the Dyer Group.

The draft FONSI was published on August 28, 2014 in the *Standard Review*, newspaper of record for the City of Newdale. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the City of Newdale wastewater system improvement project, a FONSI, is final.

This completes the environmental review of this project. Contact Willie Teuscher at the DEQ Idaho Falls Regional Office, (208) 528-2666, if you have questions regarding the project. For questions regarding the environmental review contact Ester Ceja at (208) 373-0585 or via e-mail at Ester.Ceja@deq.idaho.gov

Sincerely,

A handwritten signature in black ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
