RE: Final finding of no significant impact determination for the Moose Mountain Subdivision Property Owners Association Drinking Water Improvement Project (DWL 1405)

Dear Mr. Knight:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on November 19, 2014 for the Moose Mountain Subdivision Property Owners Association drinking water improvement project based on a careful review of the environmental information document prepared by Keller Associates.

The draft FONSI was published on December 3, 2014 in the *Idaho State Journal*, newspaper of greatest distribution for the Moose Mountain Subdivision Property Owners Association. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the Moose Mountain Subdivision Property Owners Association drinking water improvement project, a FONSI, is final.

This completes the environmental review of this project. Contact Craig Borrenpohl at the DEQ Pocatello Regional Office, (208) 239-5016, if you have questions regarding the project. For questions regarding the environmental review contact Ester Ceja at (208) 373-0585 or via e-mail at Ester.Ceja@deq.idaho.gov.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
