Subject: Final finding of no significant impact determination for Riverbend Estates Homeowners Association  
Drinking water system improvement project (DW1206)

Dear Mr. Workman:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on October 2, 2014 for the Riverbend Estates Homeowners Association (Riverbend) drinking water system improvement project based on a careful review of the environmental information document prepared by Keller Associates, Inc.

The draft FONSI was published on October 8, 2014 in *The Power County Press*, newspaper of record for Riverbend. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for Riverbend's drinking water system improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Craig Borrenpohl at the DEQ Pocatello Regional Office, (208) 236-5016 if you have questions regarding the project. For questions regarding the environmental review please contact Mike May at (208) 373-0406 or via e-mail at [Michael.May@deq.idaho.gov](mailto:Michael.May@deq.idaho.gov).

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
