

Pacific Northwest Section of the Water Reuse Association Meeting

Abstract: The Water Reuse Association's mission is to advance the beneficial and efficient uses of high-quality, locally produced sustainable water sources for the betterment of society and the environment through advocacy, education and outreach, research, and membership. They are focused on sustainable uses of water. This meeting will discuss water reuse activities that are ongoing and that are developing in the northwestern United States; and specifically in Idaho.

Presenters: Karla Fowler and Bob Johnson

Professional Backgrounds:

Presenter: Karla Fowler
Title: President of the Water Reuse Association Pacific Northwest section of the Water Reuse Association,
Organization: LOTT Clean Water Alliance
Address: 500 Adams Street NE, Olympia, WA 98501
