RE: LA-000075-04, Idahoan Foods, LLC, Dubois Facility, Reuse Permit Modification 'A'.

Dear Mr. Huffman:

We are issuing the above referenced Minor Permit Modification pursuant to IDAPA 58.01.17.700.01 to correct typographical errors in Section A, page 1 of Reuse Permit LA-000075-04 and the permit transmittal letter sent to Idahoan Foods on July 18, 2011. This permit modification corrects the permit issuance and expiration dates of the permit as follows:

1. The certified letter dated July 18, 2011 incorrectly specified a permit issuance date of July 19, 2011 and a permit expiration date of July 18, 2016. **The correct permit issuance date is July 18, 2011 and the correct permit expiration date is July 17, 2016.**
2. Section A, Page 1 of permit LA-000075-04 incorrectly specified a permit expiration date of July 17, 2011. The correct permit expiration date is July 17, 2016 as stated above.

A revised copy of Section A, Page 1 of LA-000075-04 is attached to this letter. Please staple this letter and the attached Permit Modification 'A' to all copies of the permit you may have.

If you have any questions or need further information, please contact Tom Rackow at (208) 528-2650.

Sincerely,
