

The following table has been compiled as a reference guide for finding antidegradation policy and implementation methods for other states and territories in the nation. The date of rule and date of implementation method refer to the date that individual states identify as the most current version of either rule or implementation method. The submittal date is when the state submitted the rule for approval to EPA. The effective data for Clean Water Act purposes refers to the date that EPA sent the letter approving the rule or in some cases implementation methods. Every effort was made to find the most current version available online, however due to the dynamic nature of the internet, some links may have changed. This document will be updated as more information becomes available regarding EPA approval status.

State	Rule	Date of Rule	Submittal Date	Approved (Y/N)	Effective Date for CWA	Implementation Method	Date of Method	Submittal Date	Approved (Y/N)	Effective Date for CWA
Alabama	335-6-10-.04 Antidegradation Policy	Jan. 19, 2010				335-6-10-.12 Implementation of the Antidegradation Policy				
Alaska	18 AAC 700.015 Antidegradation Policy	Nov. 1, 1997				Implementation	In development
