Rules of Conduct for Negotiations

1. Take turns, everyone gets to speak
2. Be respectful of others opinions, listen
3. May poll attendees, but no formal votes
4. No minutes
5. Will try to reach consensus, however ...
6. DEQ retains right of final say on language and will not put forth something EPA will not approve

Consensus

Is not so much

Majority rule—dividing the group into winners and losers

A result of focusing on things that divide us

The imposition of the strongest will upon the group

Conclusions that are popular with the group

As it is ...

A convergence on the common sense of the whole group

A result of focusing on things that unite us

The emergence of a corporate will within the group

Conclusions that the group comes to see as necessary
