Subject: Final finding of no significant impact determination for the City of New Meadows wastewater treatment plant improvements (Wastewater Grant No. 335-2011-1)

Dear Mayor Koberstein:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on August 5, 2015 for the City of New Meadows wastewater treatment plant improvements based on a careful review of the environmental information document prepared by J-U-B Engineers, Inc.

The draft FONSI was published on August 13, 2015 in the *Star News*, newspaper of record for the City of New Meadows. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the City of New Meadows wastewater treatment plant improvements, a FONSI, is final.

This completes the environmental review of this project. Contact Jack Gantz at the DEQ Boise Regional Office, (208) 373-0599, if you have questions regarding the project. For questions regarding the environmental review contact Mike Stambulis at (208) 373-0123 or via e-mail at michael.stambulis@deq.idaho.gov.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".
