RE: Final finding of no significant impact determination for the Chubbuck
Water Facilities Project – DW1602

Dear Mayor England:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on May 3, 2016 for the Chubbuck Water Facilities Project based on a careful review of the environmental information document prepared by Keller Associates.

The draft FONSI was published on May 3, 2016 in the Idaho State Journal, newspaper of record for the City of Chubbuck. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the Chubbuck Water Facilities Project, a FONSI, is final.

This completes the environmental review of this project. Contact Andrew Fellows at the DEQ Pocatello Regional Office, (208) 239-5016, if you have questions regarding the project. For questions regarding the environmental review contact Aimee Hill at (208) 373-0556 or via e-mail at aimee.hill@deq.idaho.gov.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
