**NOTICE OF PUBLIC COMMENT PERIOD REGARDING AN
APPLICATION TO MODIFY A PERMIT TO CONSTRUCT AND OPERATE
AN AIR POLLUTION-EMITTING SOURCE**

PROPOSED ACTION: EPSCO Powder & Industrial Coatings, LLC, Boise, Idaho applied to the Department of Environmental Quality (DEQ) to modify its permit to construct and operate an air pollution-emitting source located at 108 W. 37th St., Boise, ID 83714. DEQ has determined that construction and operation according to the proposed modified permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human, animal life or vegetation. DEQ has reviewed the application and completed an analysis of the information submitted by the applicant to remove a coating operation and install a bed lining operation using a General Permit to Construct for Automotive Coating Operations. Based on this analysis, DEQ proposes to issue the modified permit to construct to EPSCO Powder & Industrial Coatings, LLC, Boise.

PUBLIC COMMENT PERIOD: Notice is given that DEQ has scheduled a period to receive public comments under Docket No. AQ-1531 concerning only the proposed modified permit terms in accordance with IDAPA 58.01.01.209. A package containing the information submitted by the applicant, DEQ's analysis, and the proposed modified permit is available for public review on DEQ's website at <http://www.deq.idaho.gov>.

SUBMISSION OF WRITTEN COMMENTS—ASSISTANCE ON TECHNICAL QUESTIONS: Anyone may submit written comment regarding the project and proposed modified permit. To be most effective, comments should address air quality considerations and include supporting materials where available. Comments, requests, and questions regarding the public comment process should be directed to Anne Drier, Department of Environmental Quality, 1410 N. Hilton, Boise, Idaho 83706-1255, anne.drier@deq.idaho.gov; or to the DEQ website at <http://www.deq.idaho.gov>. Please reference the company name and docket number when sending comments or requesting information. All information regarding this matter, including the issuance of the final permit and Statement of Basis, will be available on DEQ's website.

For technical assistance on questions concerning this project or the permitting process, please contact Darrin Pampaian at (208) 373-0502.

All written comment and data concerning this proposal must be directed to and received by the undersigned on or before 5:00, p.m., MDT, August 5, 2016.

DATED this 6th day of July 2016.

Anne Drier
Air Quality Division
