AN AIR POLLUTION-EMITTING SOURCE**

PROPOSED ACTION: Yellowstone Plastics, Inc., Idaho Falls, Idaho, applied to the Department of Environmental Quality (DEQ) for a Permit to Construct P-2016.0041, Project Number 61744 to convert their existing Tier II permit to a Permit to Construct and to install a regenerative thermal oxidizer to control VOC emissions from flexographic printing processes. The facility is located at 3725 W 65th S, Idaho Falls, ID 83402. DEQ has determined that construction and operation according to the proposed permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human or animal life or vegetation. Based on this analysis, DEQ proposes to issue the permit to construct to Yellowstone Plastics, Inc., Idaho Falls.

PUBLIC COMMENT PERIOD: Notice is given that DEQ has scheduled a period to receive public comments under Docket No. AQ-1543 concerning the air quality aspects of the project application and the proposed permit in accordance with IDAPA 58.01.01.209.
