**Standards and Procedures for Application of Risk Based Corrective Action
At Petroleum Release Sites, IDAPA 58.01.24
Docket No. 58-0124-1801, Dated August 17, 2018**

This rulemaking has been initiated to update the Standards and Procedures for Application of Risk Based Corrective Action at Petroleum Release Sites, IDAPA 58.01.24, and the associated guidance manual, Idaho Risk Evaluation Manual for Petroleum Releases, to reflect the updated toxicity criteria as established by EPA.

The Notice of Negotiated Rulemaking was published in the June 2018 issue of the Idaho Administrative Bulletin and a preliminary draft rule was made available for public review. Meetings were held on June 29 and July 19, 2018. Key information was posted on the DEQ rulemaking web page and distributed to the public. Members of the public participated in the negotiated rulemaking process by attending the meetings.

All comments received during the negotiated rulemaking process were considered by DEQ when making decisions regarding development of the rule. At the conclusion of the negotiated rulemaking process, DEQ formatted the final draft for publication as a proposed rule in the Idaho Administrative Bulletin. The negotiated rulemaking record, which includes the negotiated rule drafts and documents distributed during the negotiated rulemaking process, is available at www.deq.idaho.gov/58-0124-1801.
