Re: Attorney General Certification of Revised Idaho Water Quality Standards,
Docket No. 58-0102-1701

Dear Mr. Opalski:

I have reviewed the process by which the Idaho Board of Environmental Quality (Board) adopted revisions to the Idaho Water Quality Standards (Docket No. 58-0102-1701) and hereby certify that the revisions were duly adopted pursuant to Idaho law.

Consistent with provisions of the Idaho Administrative Procedure Act for public participation, the Department of Environmental Quality (DEQ) used a negotiated rulemaking process that included three meetings with stakeholders to develop the rule language. During the negotiated rulemaking process, stakeholders also provided written comments to DEQ. A public hearing pursuant to Idaho Code § 67-5222(2) was not requested nor held; however, the public had an additional opportunity to provide the Board oral comments on the proposed rule during the Board's November 16, 2017 meeting.

These revisions to the water quality standards were approved by the Idaho Legislature and became final and effective on March 28, 2018.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Cecchini-Beaver".

Mark Cecchini-Beaver
Deputy Attorney General

c: Barry Burnell, DEQ
