RE: Environmental Determination for the revised Oden Water Association Water System Improvement Project (DW#1016)

Dear Ms. Poelstra:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on May 17, 2011 for the revised Oden Water Association water system improvement project based on a careful review of the revised Environmental Information Document prepared by James A. Sewell & Associates, LLC.

The draft FONSI was published on May 20, 2011 in the *Bonner County Daily Bee*, newspaper of record for the Oden Water Association. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the revised Oden Water Association water system improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Katy Baker-Casile at the DEQ Coeur d'Alene Regional Office, 208-769-4640 or by email at [Katy.Baker-Casile@deq.idaho.gov](mailto:Katy.Baker-Casile@deq.idaho.gov) if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
