RE: Environmental Determination for the City of Grangeville Wastewater System Improvements
(WWG 316-2007-9)

Dear Mayor Walker:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on May 12, 2011 for the City of Grangeville Wastewater System Improvements based on a careful review of the Environmental Information Document prepared by J-U-B Engineers.

The draft FONSI was published on May 18, 2011 in the *Idaho County Free Press*, newspaper of record for the City of Grangeville. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the City of Grangeville Wastewater System Improvements, a FONSI, is final.

This completes the environmental review of this project by DEQ. Please contact Thomas Moore at the DEQ Lewiston Regional Office, (208) 799-4888, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
