**RE: LA-000011-05, Idahoan Foods LLC – Lewisville, Permit Modification "A".**

Dear Mr. Huffman:

We are issuing the above referenced Minor Permit Modification pursuant to IDAPA 58.01.17.700.01 to correct typographical errors in Appendix 1 of the Reuse Permit LA-000011-05 issued on March 12, 2010. This permit modification corrects the Serial Numbers present in the Soil Monitoring Unit and Ground Water Monitoring tables in Appendix 1, page 18 of the permit.

A revised copy of Appendix 1 is attached to this letter. Please remove and discard pages 17 and 18 from Appendix 1 of the March 12, 2010 permit and replace with the attached version in all copies of the permit you may have. Please note that the attachment is double-sided for easy replacement.

If you have any questions or need further information, please contact Tom Rackow at (208) 528-2650.

Sincerely,

A handwritten signature in black ink, appearing to read "Erick Neher", written over a horizontal line.
