Dear Mr. Huffman:

We are issuing the above referenced Minor Permit Modification "B" pursuant to IDAPA 58.01.17.700.01 to correct a typographical error in the Heading of Section A, page 1 of the Reuse Permit LA-000011-05 issued on March 12, 2010. The permit number "LA-000010-05" shown in the heading of the March 12th permit is incorrect and has been replaced with the correct permit number "LA-000011-05" as shown in the strikeout/underline below:

**INDUSTRIAL

This letter is your official copy of the permit modification and demonstrates that you are authorized to operate the wastewater land application facility subject to certain specified requirements. This letter is an official part of Permit No. LA-000011-05. **Please attach this letter to the original permit.**

The effective date of Modification "B" is March 24, 2010.

Sincerely,
