RE: Environmental Determination for the City of Fruitland Wastewater Treatment
Facility Improvement Project

Dear Mayor Bishop:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on December 30, 2011 for the City of Fruitland wastewater treatment facility improvement project based on a careful review of the Environmental Information Document prepared by Pharmer Engineering, LLC.

The draft FONSI was published on January 4, 2012 in the *Independent Enterprise*, newspaper of record for the name of City of Fruitland. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the City of Fruitland wastewater treatment facility improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Jack Gantz at the DEQ Boise Regional Office, 208-373-0599, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
