

**2013 Water Reuse Conference
May 15 and 16 – Boise, Idaho**

Name: R. Rhodes Trussell

Title: Chairman

Organization: Trussell Technologies, Inc.

Address: 232 N Lake Ave, suite 300, Pasadena, CA 9110

Phone: 626-486-0560

Email address: Rhodes.trussell@trusselltech.com

Session Title:

The NRC Report on Augmenting the Nation's Water Supply through reuse of municipal wastewater.

Abstract:

Committee had 18 members with experience in a variety of disciplines. Committee was asked to: determine if reuse of municipal wastewater could significantly augment the nation's water supply, to summarize the state of the technologies, to review the risks, the costs, and public attitudes and to provide advice on the role of government, particularly in regulations and research.

Professional Background:

Ph.D. in environmental engineering from U.C. Berkeley, registered Civil Engineer in the State of California, 40 years of experience. Chair of the NAS Committee on Augmenting the Nation's water Supply through Reuse.
